
QAvalid™ selected by DynaLink Pharma

Clarmon Inc. today announced an agreement with Singapore based DynaLink Pharma that will involve deployment of its QAvalid compliance management solution. DynaLink Pharma will use QAvalid, the innovative compliance management application developed by Clarmon Inc. to handle regulatory issues more efficiently.

QAvalid is to ensure GMP (Good Manufacturing Practice) compliance and will support the drive for Quality Assurance.

QAvalid, through Clarmon's proprietary Linksense technology, allows the management of information within specific documents as well as across documents. Manually creating, verifying and updating compliance documents in Microsoft Word™ implies a very high cost for Quality Assurance.

With QAvalid users will not have to change their way of working, as Microsoft Word™ is the interface for editing text, but the time spent on regulatory compliance drops thanks to defined relations among documents, and to templates provided for certain documents.

About DynaLink Pharma

Dynalink Pharma is a Singapore based contract manufacturing company established in 2005.

It has recently commissioned one of Singapore's most modern GMP compliant class 100,000 Biopharmaceutical manufacturing facilities for the production of personal care and healthcare products.

About Clarmon Corporation

Clarmon Corporation provides integrated software applications for the management of structured content within a number of target industries. Most of Clarmon's clients to date have been in the Pharmaceutical, Biotechnology and Medical Device Industries.

Through its QAvalid application Clarmon provides a powerful tool to allow companies to achieve regulatory compliance faster and easier. By removing tedious manual tasks for Quality Assurance, QAvalid drives costs down, and diminishes the risk of non-compliance.

Clarmon Corporation is headquartered in London, with a development and consultancy team in Bucharest Romania and sales staff in Dubai and Singapore. For more information about Clarmon Corporation, please visit <http://www.clarmon.com>.
